A Commitment to Ensuring Meeting Safety

During these unprecedented times, SC&RA is going above and beyond to ensure we protect our members, staff, and invited guests while attending our events. We have developed SC&RA Safe® to demonstrate our commitment to enhanced health and safety measures to assure attendees and increase confidence in attending our events. These measures are aligned with the Centers for Disease Control and Prevention; state and local jurisdiction health guidelines; and hotel biosafety measures. Not all events will feature the same biosafety precautions as each city and jurisdiction is approaching COVID-19 measures differently. However, we are committed to following a minimum standard regarding social distancing; cleaning and disinfecting; detection; and communication. Be assured that we will communicate our efforts to protect the health and safety of each registrant.
