What the Future Holds: Permitting in 2030 - Part 1
Know what to expect in the next 10 years in OS/OW permitting so you can position your business for success with the tools and resources necessary to navigate potential pitfalls.
Speakers:
Wes Mollno, WCS Permits
Mike Morgan, Pit Row Transportation Solutions
Tim Pilcher, ProMiles
Moderator:
Geno Koehler, IL Department of Transportation

4:45 pm – 5:30 pm
How Accuracy in Measurement Gives You an Advantage
New sensor technology is changing the game as it opens up more bridges to OS/OW. Likewise, technology advancements in dimension and axle spacing measurements will give companies an exponential advantage in hauling times and compliance with permits. The growth of technology across OS/OW is being seen on the side of the road and in-cab, so carriers need to be one step ahead.
Speakers:
John Caya, 5C Strategy, LLC
Peter J. Vanderzee, LifeSpan Technologies
